## PRESS INFORMATION

People S 125/150

### **Elegant Style, Modern Expression**

The design of the new People S showcases its excellent taste in fashion. The exquisite leather seat and full LED lighting enhance its high-end and high-tech image.

(more)

**It gives the rider a high level of confidence when cruising and maneuvering at any speed.**

### **Newly Designed Powerful 4V Engine**

The engine is capable of a peak output of 8.5 kW (125 cc) / 10kW (150 cc)

### **High Rigidity Frame Provides Better Maneuverability**

The frame has been thoroughly re-designed to achieve highest rigidity possible.

(more)

### **Horizontal Engine Support Frame Improves High Speed Stability**

The design optimizes the balance between the engine and frame at high speed.

(more)

### **Forward Weighting to Provide Cruising Stability**

The battery and fuel tank have been positioned forward to improve the vehicle's weight distribution.

### **Short Wheelbase to Ensure City Agility**

The new People S features a short wheelbase of 1380 mm that makes it easy to change directions.

(more)

**It is equipped with all the accessories and features that you need for an enjoyable journey.**

### **Integrated Windshield for Maximum Comfort**

The windshield has been carefully designed to provide a lower drag coefficient.

(more)

### **Avant-garde Front and Rear LED Lighting**

The unique LED lighting design not only saves energy but also increase visibility.
